Bug Reports

Please report issues with buttons here.

1 response

Clicking /See All Bots/ doesn't return anything; inspect console shows:
localhost/:1 Uncaught (in promise)
o {message: 'Request failed with status code 400', name: 'AxiosError', code:
'ERR_BAD_REQUEST', config: {…}, request: XMLHttpRequest, …}
code: "ERR_BAD_REQUEST"
config: {transitional: {…}, transformRequest: Array(1), transformResponse: Array(1), timeout: 0,
adapter: ƒ, …}
message: "Request failed with status code 400"
name: "AxiosError"
request: XMLHttpRequest {onreadystatechange: null, readyState: 4, timeout: 0, withCredentials:
false, upload: XMLHttpRequestUpload, …}
response: {data: 'Bad Request', status: 400, statusText: 'Bad Request', headers: {…}, config: {…},
…}
[[Prototype]]: Error

Please report issues with scoring here.

1 response

When I win the win tally is +1 to the computer. When the computer wins the tally is +1 to the
computer.

Please report any other issues here.

1 response

The score does not clear on refresh of the page. Tried both f5 and the browser button.
